## Radiant Thermal Therapy

**Far-Infra-Red-Energy** is Nature's own healing heat, like heat from the Sun. This radiant light-heat penetrates from 3 to 10 cms into the body, creating deep nerve, organ, joint, muscle and tissue therapy, reducing stress, relieving pain, increasing circulation and metabolism, and often improving functionality.

**Amethyst Crystals** Amethyst has an ancient reputation as 'the healing crystal'. InfraBed's certified A grade Amethyst crystals, when warmed deliver optimal highly penetrating, hyper-thermal, Far-Infra-Red-Energy rays. (FIRE). Infra-red therapy is known widely for its anti-inflammatory effects on the body.

InfraBed® huses **precise controllers for time + temperature ranges (20C-70C)** allowing you to find and set your preferred intensity, and length, of sessions. Long-Low sessions for general health. Short-High sessions for therapeutic uses.

InfraBed includes: **high-quality suede-like fabric surface** that is soft to touch, yet very durable, plus 100% cotton quilted fitted cover, and a carry-storage bag.

Radiant Thermal Therapy

Enlightened  
Therapies

**NEW**

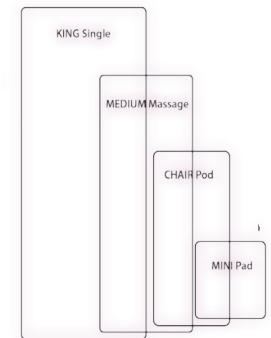

Rest and Recover on your radiant thermal therapy crystal InfraBed synergising **Amethyst Crystal Energy** with **Far-Infra-Red-Energy**

InfraBed's Core Activation therapy is based on both modern and traditional hyper-thermal therapy, combining subtle Amethyst Crystal and Far Infra Red Energy, with Negative Ions, to deeply penetrate and raise core body temperature, and energy, for better health and healing.

Initial anecdotal reports from users say it seems to be helping them with...  
*Low Core Body Temperature, Poor Circulation and Metabolism, Chronic Aches, Pains, Poor Joint Mobility, Pelvic Pain, Sciatica, Constipation, Insomnia, Enuresis (excess urination), Anxiety, Stress, Weight Loss, Detoxification, Chronic Fatigue, Post-Operation & Post-Accident, Jetlag, Mental and Emotional Health, Immune Response, and Problems of Aging.*
